Operational terms from the approval letters:

- Course offerings must be completed at least 30 days in advance of course presentation and may be entered/maintained through Vertafore Compliance Express at [www.sircon.com](http://www.sircon.com).
- Only approved courses may be advertised.
- Advertisements must include course name and number, approved provider name and address, applicable lines of insurance, approved credit hours, and a brief course summary or outline.
- Providers must maintain attendance and examination-score records for 4 years from the date the course was presented.
- Course completions must be uploaded within 30 days after course conclusion through Vertafore Compliance Express / Sircon.
- Pearson VUE administers Nevada CE course and provider submissions for the Nevada Division of Insurance; correspondence should refer to the course number.

Tracker status:

- Provider approval remains Provider 187270 .
- Prior Sircon course confirmations remain 372042521 , 372042741 , 372042918 , and 372043039 .
- The prior 2027-01-01 no-approved-course inactivation warning is resolved because all four written course approvals are now on file.
- Course expiration/renewal term remains VERIFY because the approval letters did not list an expiration date.
- Keep Nevada enrollment, payment, certificates, completion reporting, and public launch closed until the launch gate is intentionally changed and Sircon offering/certificate/roster operations are verified.
